Note: In place of required immunizations, the State of Hawaii allows parents to submit a religious exemption form, or provide documentation for medical exemption. If you would like a copy of this form, please download it from our website or ask the school office.

For information on immunization requirements, please contact the school office, or visit the State's website: www.vaxhawaii.com

^a DTP may be used in place of DTaP.

^b MMR #1 and varicella #1 must have been received on or after 12 months of age.

^c More than one dose of Hib is recommended for children less than 15 months of age to be fully protected against Haemophilus influenzae type b. For preschool entry, children must have received at least one dose of Hib on or after 12 months of age.

^d Effective July 1, 2002. A documented history of varicella (chickenpox), signed by a U.S. licensed MD, DO, APRN, or PA, may be substituted for the varicella vaccine requirement.

^e Two doses of Varicella are required if the first dose was administered on or after the 13th birthday.
